10. “A healing force from the universe” quoted from *TheFoot book* p. 12

12. Loma Linda’s Dr. Jarvis put reflexology to the test: Result: not better than guessing
13. Collosians 2: 8 relates to modern spiritualism: “Beware lest any man spoil you through philosophy and vain deceit, after the tradition of men, after the rudiments of the world, and not after Christ”
14. Phrenology: mind disorders diagnosed & therapy by feeling skull and Rx by pressure on skull.

Thousands, I was shown, have been spoiled through the [philosophy of phrenology](#) and [animal magnetism](#), and have been driven into infidelity. If the mind commences to run in this channel, it is almost sure to lose its balance and be controlled by a demon. {CCh 329.1}

Thousands are conversing with, and receiving instructions from, this demon-god, and acting according to his teachings. The world, which is supposed to be benefited so much by phrenology and animal magnetism, never was so corrupt. Satan uses these very things to destroy virtue and [lay the foundation of Spiritualism](#).--Testimonies, vol. 1, pp. 296, 297. (1862) {Ev 604.1}

14. Phrenology: by feeling the skull there is belief of ability to diagnose mind disorders, and by pressure on skull Rx given. Explained by hypothesis of **animal magnetism** (universal life force)
15. Cranio-sacral therapy hypothesis: That all disease is a result of improper flow of cerebral and spinal fluid and correction of flow of fluid can be done by very gentle pressure about the skull or over sacral area. Concept originated with William Sutherland D.O. who eventually dispensed with the use of the hands and was able to accomplish the same by dialog with a “power within” which he called “breath of life.” Concept has been totally refuted by British Columbia Office of Health Technology Assessment in 1999. Their conclusion: theory invalid and that one cannot measure what they claim to be modified (that is correction of spinal fluid flow).

Reiki –

Rei (transcendental, universal) +
Ki (Life Force, energy)

“Is a system of subtle, vibrational healing that has no medical contra- indications. It is holistic in that it does not attack disease in any form, but rather, it encourages the individual towards balance.

Reiki operates on the premise that the subtle vibrational blueprint is the foundation for everything that happens **on the** mental, emotional, physical, and **spiritual levels**. Even the subtlest shift on the vibrational level carries the potential to affect every level of our experience.”

(Eric Wilson)

- PAMELA MILES, Author and Reiki practitioner

18. “SATANIC AGENTS CLAIM TO CURE DISEASE. THEY ATTRIBUTE THEIR POWER TO ELECTRICITY, MAGNETISM, OR THE SO-CALLED ‘SYMPATHETIC REMEDIES,’ WHILE IN TRUTH THEY ARE BUT CHANNELS FOR SATAN’S ELECTRIC CURRENTS. BY THIS MEANS HE CASTS HIS SPELL OVER THE BODIES AND SOULS OF MEN.”
Evangelism 609

19. We are coming right upon the time when Satan is to work with all manner of bewitching influences, and those who are charmed with them now, or give them the least **countenance** now, will be all ready to be swept right in to act a part with the devil then. 2 Selected Messages p. 51
